

Creative Arts

Description

Students explore various artistic and cultural styles of art including their own artistic preferences, as well as responding to set topics. They also explore a variety of media. Students will research how art styles were developed in both historical and contemporary art works.

Unit Topics

Students will develop art works that demonstrate their own preferred style, themes and the properties of a preferred media. Students will document the development of their ideas and expand their use of art terminology. They will also analyse the development of artistic styles.

Skill Development

Students will develop skills in artmaking through personal expression. Students will be encouraged to explore a series of different techniques used to create art and refine their skills in a range of media. Students will be able to learn about the history of art.

Possible Assessment Tasks

- Oral presentation
