

Creative Arts

Description

Students explore various artistic and cultural styles of art including their own artistic preferences, as well as responding to set topics. They also explore a variety of media. Students research how art styles were developed in both historical and contemporary art works.

Unit Topics

Students develop art works that demonstrate their own preferred style, themes and the properties of a preferred media. Students document the development of their ideas and expand their use of art terminology. They also analyse the development of artistic styles.

Skill Development

Students develop skills in artmaking through personal expression. Students will be encouraged to explore a series of different techniques used to create art and refine their skills in a range of media. Students also learn about the history of art and analysing artworks and their meaning.

Possible Assessment Tasks

- Oral presentation
- Art analysis and theory
- Art folio
- Final artworks

Activities/Camps/Excursions
