Our school and/or the Department's central or regional offices will use and disclose information as considered appropriate to respond to these complaints (including responding to complaints made to external organisations or agencies).

Requests for access to other student information must be made by making a Freedom of Information (FOI) application through the Department's Freedom of Information Unit (see below).

In some circumstances, an authorised representative may not be entitled to information about the student. These circumstances include when granting access would not be in the student's best interests or would breach our duty of care to the student, would be contrary to a mature minor student's wishes or would unreasonably impact on the privacy of another person.

ACCESS TO STAFF INFORMATION

School staff may first seek access to their personnel file by contacting the principal. If direct access is not granted, the staff member may request access through the Department's Freedom of Information Unit.

All school records are disposed of, or transferred to the State Archives (Public Record Office Victoria), as required by the relevant Public Record Office Standard.

When using software and contracted service providers to manage information, our school assesses these according to the appropriate departmental processes. One example of this is that staff passwords for school systems are strong and updated on a regular basis, consistent with the Department's password policy.
